

## Quarter-Life Crisis by Judah and the Lion

### Choir Chart

#### Verse 1

This whole record might be a  
**ABS** quarter-life crisis  
I need my family to come and  
**ABS** help me fight this  
Oh, I can't do this all alone  
I used to feel so strong, now I  
**ABS** feel like a loser  
These voices in my head got me backed  
**ABS** up into a corner  
Oh, I can't do this all alone

#### Chorus

**A** So will you come, come, come, come  
help me through?  
**AS** Will you come, come, come, come  
help me through this?

#### Instrumental - 8 bars

#### Verse 2

All these stories probably should be  
**ABS** just for my therapist  
I've been fightin', hidin', tryin' my best  
not to **ABS** let you in  
I can't do this all alone  
I used to feel so strong, now I  
**ABS** feel like a loser  
This truth is hard to speak, but I could  
**ABS** use the freedom  
Oh, I can't do this all alone

#### Chorus

#### Instrumental - 8 bars

come help me through?

come help me through?

In you, in you  
In you, in you (Woo)
