**D#m D#m B F#**  
Home, A place where I can go  
**F# C# B**  
To take this off my shoulders  
**C# D#m**  
Someone take me home  
**D#m D#m B F#**  
Home, A place where I can go  
**F# C# B**

**C# D#m**

## VERSE 1

**D#m**  
Look, I didn't power through the struggle  
**B F#**  
Just to let a little trouble, knock me out of my position  
And interrupt the vision  
**B C#**  
After everything I witnessed, after all of these decisions  
**D#m**  
All these miles, feets, inches, They can't add up to the distance  
**D#m B**  
That I have been through, just to get to  
**F#**  
A place where even if there's no closure, I'm still safe  
**B C# F#**  
I still ache from trying to keep pace  
**F#**  
Somebody give me a sign, I'm starting to lose faith

## PRE CHORUS

**D#m**  
Now tell me: how did all my dreams turn to nightmares?  
**B F#**  
How did I lose it when I was right there?  
**B C#**  
Now I'm so far that it feels like it's all gone to pieces  
**D#m**  
Tell me why the world never fights fair, I'm trying to find

## CHORUS

### POST CHORUS

Gotta follow what I'm feeling to discover where it's at **D#m**  
I need the (memory) **D#m**  
In case this fate is forever, just to be sure these last days are better **B F#**  
And if I have any (enemies) **B**  
To give me the strength to look the devil in the face and make it home **C# D#m**  
safe
